

Systemic Research Tapestry Workshop

Thursday Afternoon: 2.10 to 3.30pm & 4.00 to 5.15pm

The workshop will be opened by with **Reenee Singh**, AFT's CEO and introducing **Sarah Niblock**, UKCP's CEO. Sarah will present on making research accessible and exciting to all and will be taking questions. Other speakers will include: **Peter Stratton** also briefly speaking on research, **Sarah Helps** will speak on writing for publication, **Chip Chimera** will speak about her current research and **Jonathan Rabson** will speak about his research within the Jewish committee. Finally, there will be a general discussion, where Sarah Niblock will announce the winner of the poster presentation.

Delegates presenting Poster Presenters will speak about their posters and projects and there will be time for people to walk around and read the posters.

Poster and project themes include:

- *Parenting a child with T1 diabetes & ED*
- *Embodied approaches to complex trauma therapy*
- *An Intervention for Children with Mentally Ill Parents*
- *How do Families experience completing the SCORE-15 Questionnaire?*
- *National Guidelines for Family Interventions in Psychosis*
- *An exploratory research study of the views of family/systemic psychotherapists in NI*
- *How can family therapists contribute to integrated care in the Long-Term Plan?*
- *Older couples' referrals for systemic intervention with sexual problems,*
- *What works well in the care of Children and Young People with Medically Unexplained Symptoms?*
- *Systemic Interventions for Stroke Survivors in an Older People Client Group*
- *Growing systemic practice in an acute paediatric hospital setting*
- *Dialogical features in network meetings*
- *Exploring the Narratives of Children & Young People in a Secure Children's Home*
